| Patent/inventor is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card number) in PTO-2038 submitted for payment purposes is never required by the USPTO to support a patent application. If this type of personal information is included in documents submitted to the USPTO, patent/inventor/signer should consider redacting such personal information from the documents before submitting them to the USPTO. Patent/inventor is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.215(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available. |                           |                                                                                                                                                                                                                                                  |                                 |                                                                  |
